

ORCA

WATER SOFTENERS

PURITY, SIMPLICITY, SERENITY

Stylish and exclusive

Advanced, efficient and quiet

High Capacity for the larger house, office or pub

Efficient, very low regeneration water usage

AN ORCA WATER SOFTENER IS...

The Orca has been designed by UK designers for UK homes. Performance and reliability are paramount but these days water efficiency is just important.

We haven't forgotten the simple things such as it needs to fit into a modern kitchen, or there needs to be a big salt lid so adding salt is quick and easy.

Features

- Compact
- Simple
- Learns Water Usage
- Metered
- WRAS approved Valve
- Low power consumption
- Made in the UK
